(Building No. 29) CH
HABS NO. UT-125-~~XXXX~~
Page 1

This is a rectangular, one-story building measuring 25 feet by 50 feet. It is a SA-2 type structure built by H & D from plan WB 9-12.

The building has a concrete slab foundation, wood frame walls and siding and a gabled roof with composition shingles. On the roof are two vents, one wood and one metal. The windows are all small-paned double-hung sash type, at least two of which exist per wall. The broadside entry is via a large, diagonally braced, wooden sliding door.

Several windows have been broken out and the building is unpainted. It appears to be in good condition structurally, however.
